GREAT BRITAIN
THE FIRST HALFPENNY STAMP
ADVERTISING.

An advertising leaflet from Follows and Bates of Manchester, Meat Cutting Machinery manufacturers to an Ironmonger in Worcester Manchester duplex 20th August 1880 cancelling 3d value of Plate 19. Worcester arrival 21st August.

No. 278. (July, 1880.)

FOLLOWS & BATE'S PATENT PRIZE MEDAL MEAT CUTTING MACHINERY.

W. H. Hughes, Ironmonger, Worcester.

VIENNA EXHIBITION 1879. DIPLOMA OF MERIT. AWARDED SILVER MEDAL at Manchester and Liverpool Shows, 1879.

FOLLOWS & BATE'S NEW PATENT CABINET KNIFE CLEANER.

FOLLOWS & BATE'S PATENT PRIZE MEDAL SOLID DIPPER ROTARY KNIFE CLEANER.

These newly-invented Machines contain valuable improvements the most important being the Patent adjustment. It is well known that in the ordinary Knife Cleaner the adjustment for regulating the position of the blades is by means of a screw which is liable to become loose and the blades consequently do not meet properly. In the new Machines the blades are so arranged that they are perfectly set against each other and are so constructed that the blades are preserved for years, and need not require adjustment.

These Machines are made of the best material, carefully finished, and tested before leaving the manufactory, and guaranteed.

The Rules Were Converted to Co-Extensive by Cutting up the Original Rule and is Believed to be Unique in this Respect

The Difference Between this and Other Plates is Shown by the Fact there is No White Dot in the Registration Piece, The Gaps Between the Registration Piece and the Adjoining Rules are of Equal Width, Also the Left Vertical Rule is Joined to the Corner Bit
